

**“It’s not about the equipment that you have, it’s what you do with it - Aphex Twin”**

# Equipment Week!

**Lots of our service users have and use equipment on a daily basis, but it only helps them if it is in good working order.**

**This week we ask that you spend some time ensuring that your service users' equipment is fit for purpose.**

**Please check walking aids, wheelchairs, sani-chairs/wheeled commodes, wall mounted shower chairs, grab rails, perch stools, specialist seating etc.**

**If you have any concerns about any of these pieces of equipment, please discuss with your line managers and escalate to the Reablement Facilitators or OT Equipment Store where appropriate, who will support you to get these fixed.**
